## FROM THE PRINCIPAL'S DESK

### Welcome Back to Term 3!

What a different start to the term, certainly not what we were expecting! Thank you to the whole Port Elliot community who have been supportive over the COVID-19 lockdown. The teachers and SSOs were able to quickly put together some work for students to do at home.

Well done to all the families, helping the students with some tasks and using the SeeSaw app to let us know how it went.

If we do have another lockdown, it can be a good opportunity while at home to do some of the tasks the teachers have sent, but also consider having the children help out at home with tasks that require thinking and problem solving.

Having an extra helper with the cooking, writing shopping lists, completing puzzles and gardening are just some of the ways that children can learn to think differently and help support the family. Thank you to everyone for your ongoing support of the teachers and SSOs.

## 100 DAYS OF SCHOOL!

Reception Classes 10.01 and 10.02 are very excited to reach 100 days at school!

With the ongoing COVID-19 restrictions in place, we plan on having a delayed celebration as soon as we can. Here is a pic of Charlysse getting ready to celebrate. We plan on having a day of literacy, art and maths activities based on the number 100.

## WE'RE GOING R-6 IN 2022

Next year is the first time the school will be a Reception to Year 6 Primary School. Currently there are over 450 students enrolled across 18 classes.

My initial planning for 2022 shows there will be 15 classes as the school will reduce to around 400. This allows for spaces in all year levels for students to come to Port Elliot but I will need to have notice of new students to plan for their arrival and ensure that the classes are balanced across the school.

If you know of any families moving into the area or considering changing schools, please encourage them to contact the school to book a time for an appointment on [8554 3399](tel:85543399).

If you are considering changing schools in 2022, please email [dl.0356.info@schools.sa.edu.au](mailto:dl.0356.info@schools.sa.edu.au) or if you have any questions I can answer, please call to make an appointment on [8554 3399](tel:85543399).

## IT'S THE PORT ELLIOT OLYMPICS!

During PE lessons at the start of term, the students were learning about, discussing and participating in Olympic style activities and events. Our Seesaw activities focussed on Olympics history, devising their own Olympic style activities and being active daily. We hope students and their families have had opportunities to enjoy watching and sharing in the events at the Tokyo Olympics.

## School Sport SA Basketball Carnival

Due to Covid restrictions the carnival planned for Friday 23rd July was postponed. Once a new date has been set Trina will send new consents and information home.

## Local Sporting Success Stories!

If you have any local success stories involving our students, please let us know so they can get a mention in this section of the newsletter.

## Local Sporting opportunities

Please refer regularly to the PE section of the school website for information about numerous local sporting clinics, clubs and opportunities for the students to be involved in after school hours and within the holidays.

Dear parents, guardians and carers

**Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)**

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines (2019)*.

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

Kind regards

Principal
